THE WORLD BIBLIOGRAPHICAL SERIES

This series, which is principally designed for the English speaker, will eventually cover every country (and many of the world's principal regions), each in a separate volume comprising annotated entries on works dealing with its history, geography, economy and politics; and with its people, their culture, customs, religion and social organization. Attention will also be paid to current living conditions – housing, education, newspapers, clothing, etc.– that are all too often ignored in standard bibliographies; and to those particular aspects relevant to individual countries. Each volume seeks to achieve, by use of careful selectivity and critical assessment of the literature, an expression of the country and an appreciation of its nature and national aspirations, to guide the reader towards an understanding of its importance. The keynote of the series is to provide, in a uniform format, an interpretation of each country that will express its culture, its place in the world, and the qualities and background that make it unique. The views expressed in individual volumes, however, are not necessarily those of the publisher.

MAP OF CHAD 189

648 **Bibliographie de l'Afrique sud-saharienne. Sciences humaines et sociales.** (Bibliography of sub-Saharan Africa. Humanities and social sciences.)
Marcel d'Hertefelt, Anne-Marie Bouttiaux-Ndiaye. Tervuren, Belgium: Musée Royal de l'Afrique Centrale, 1931-90.

This bibliography was first called *Bibliographie ethnographique du Congo Belge*, before changing to *Bibliographie ethnographique de l'Afrique sud-saharienne* and finally adopting its present name. It is a yearly publication, the latest dealing with the years 1986-87. Each entry is ordered alphabetically according to the author's name and contains the title of the study, year, periodical references and several keywords. It contains a subject index.

649 **Bibliographie du Tchad (Sciences Humaines).** (A bibliography of Chad (Humanities).)
Jacqueline Moreau, Danielle Stordeur. Fort-Lamy: INSTH, 1970. 354p. (Série A, 5).

This second revised edition of the 1968 bibliography (see item no. 638) contains a supplement as well as an extra section on maps.

650 **Bibliographie des travaux en langue française sur l'Afrique au sud du Sahara (Sciences humaines et sociales).** (Bibliography of French works on Africa south of the Sahara (Humanities).)
Zofia Yaranga. Paris: EHESS – Centre d'Etudes Africaines, CARDAN, 1979-92.

This useful bibliography contains a thematic and a geographical section. The latter is divided into five regional sub-sections (western, central, eastern, southern and Indian Ocean Africa). It also contains an author and a subject index. The first issue, published in 1979, deals with works published in 1977 and the last issue, published in 1992, covers publications in 1988. Unfortunately, this publication ceased in 1992.

Indexes

There follow three separate indexes: authors (personal and corporate); titles; and subjects. Title entries are italicized and refer either to the main titles, or to many of the other works cited in the annotations. The numbers refer to bibliographical entry rather than page numbers. Individual index entries are arranged in alphabetical sequence.
